

We're excited to have you join us at HackBCA from 2nd to 3rd April, 2016! The folk at .TECH domains have decided to extend some support to you, by giving you a platform to take your idea online.

Free .tech Domains:

- 1) Visit www.get.tech/startups
- 2) Enter your full name, email address & your desired .tech domain name.
- 3) Select 'HackBCA' as your community.

On receiving your request, it will be reviewed and a coupon code will be issued to you, which you can then use to register your domain name at www.get.tech

.tech Category Prize!

Submit your hack/project on a .tech domain & if it's the best, every member of your team wins a \$30 Amazon Shopping voucher!

1. This offer is only available for all standard (non-premium) .tech domain names.
2. Each participant will receive only one coupon code.
3. The coupon code can be used just once & to register only one .tech domain name.
4. The domain registered through this offer will auto-renew after the first year for another year. Thereafter, the domain will have to be renewed by the registrant.
5. .tech is a Top Level Domain extension owned by Radix Registry, which reserves the right to cancel the registration of domains registered through the above offer if they are misused.
